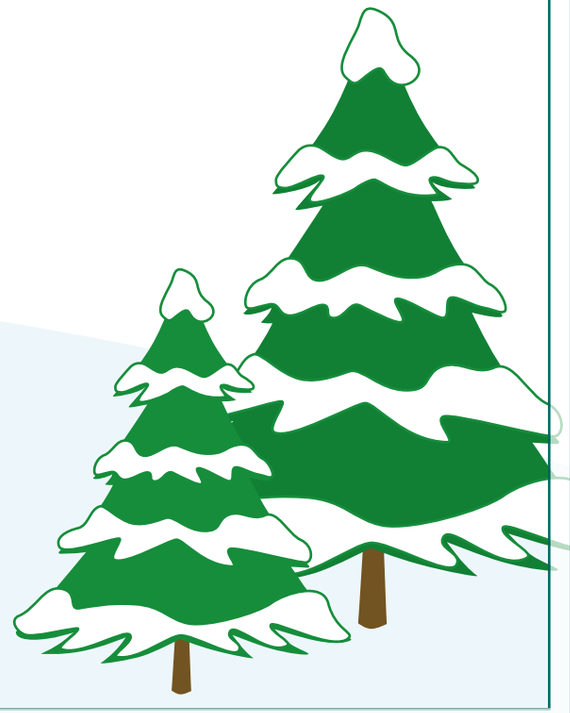
This story is excerpted from the read-aloud books included in the Bridges in Mathematics Pre-K curriculum. This math-rich collection features theme-based counting and numeral recognition, sequencing, shapes and locations, and very early addition and subtraction. For more information about these books, including how to order the full printed collection of nine titles, visit store.mathlearningcenter.org bridges-2nd-edition/2bpkread.asp.

The Math Learning Center is a nonprofit organization serving the education community. Our mission is to inspire and enable individuals to discover and develop their mathematical confidence and ability. We offer innovative and standards-based professional development, curriculum, materials, and resources to support learning and teaching. To find out more, visit us at www.mathlearningcenter.org.

Six Little Snow People



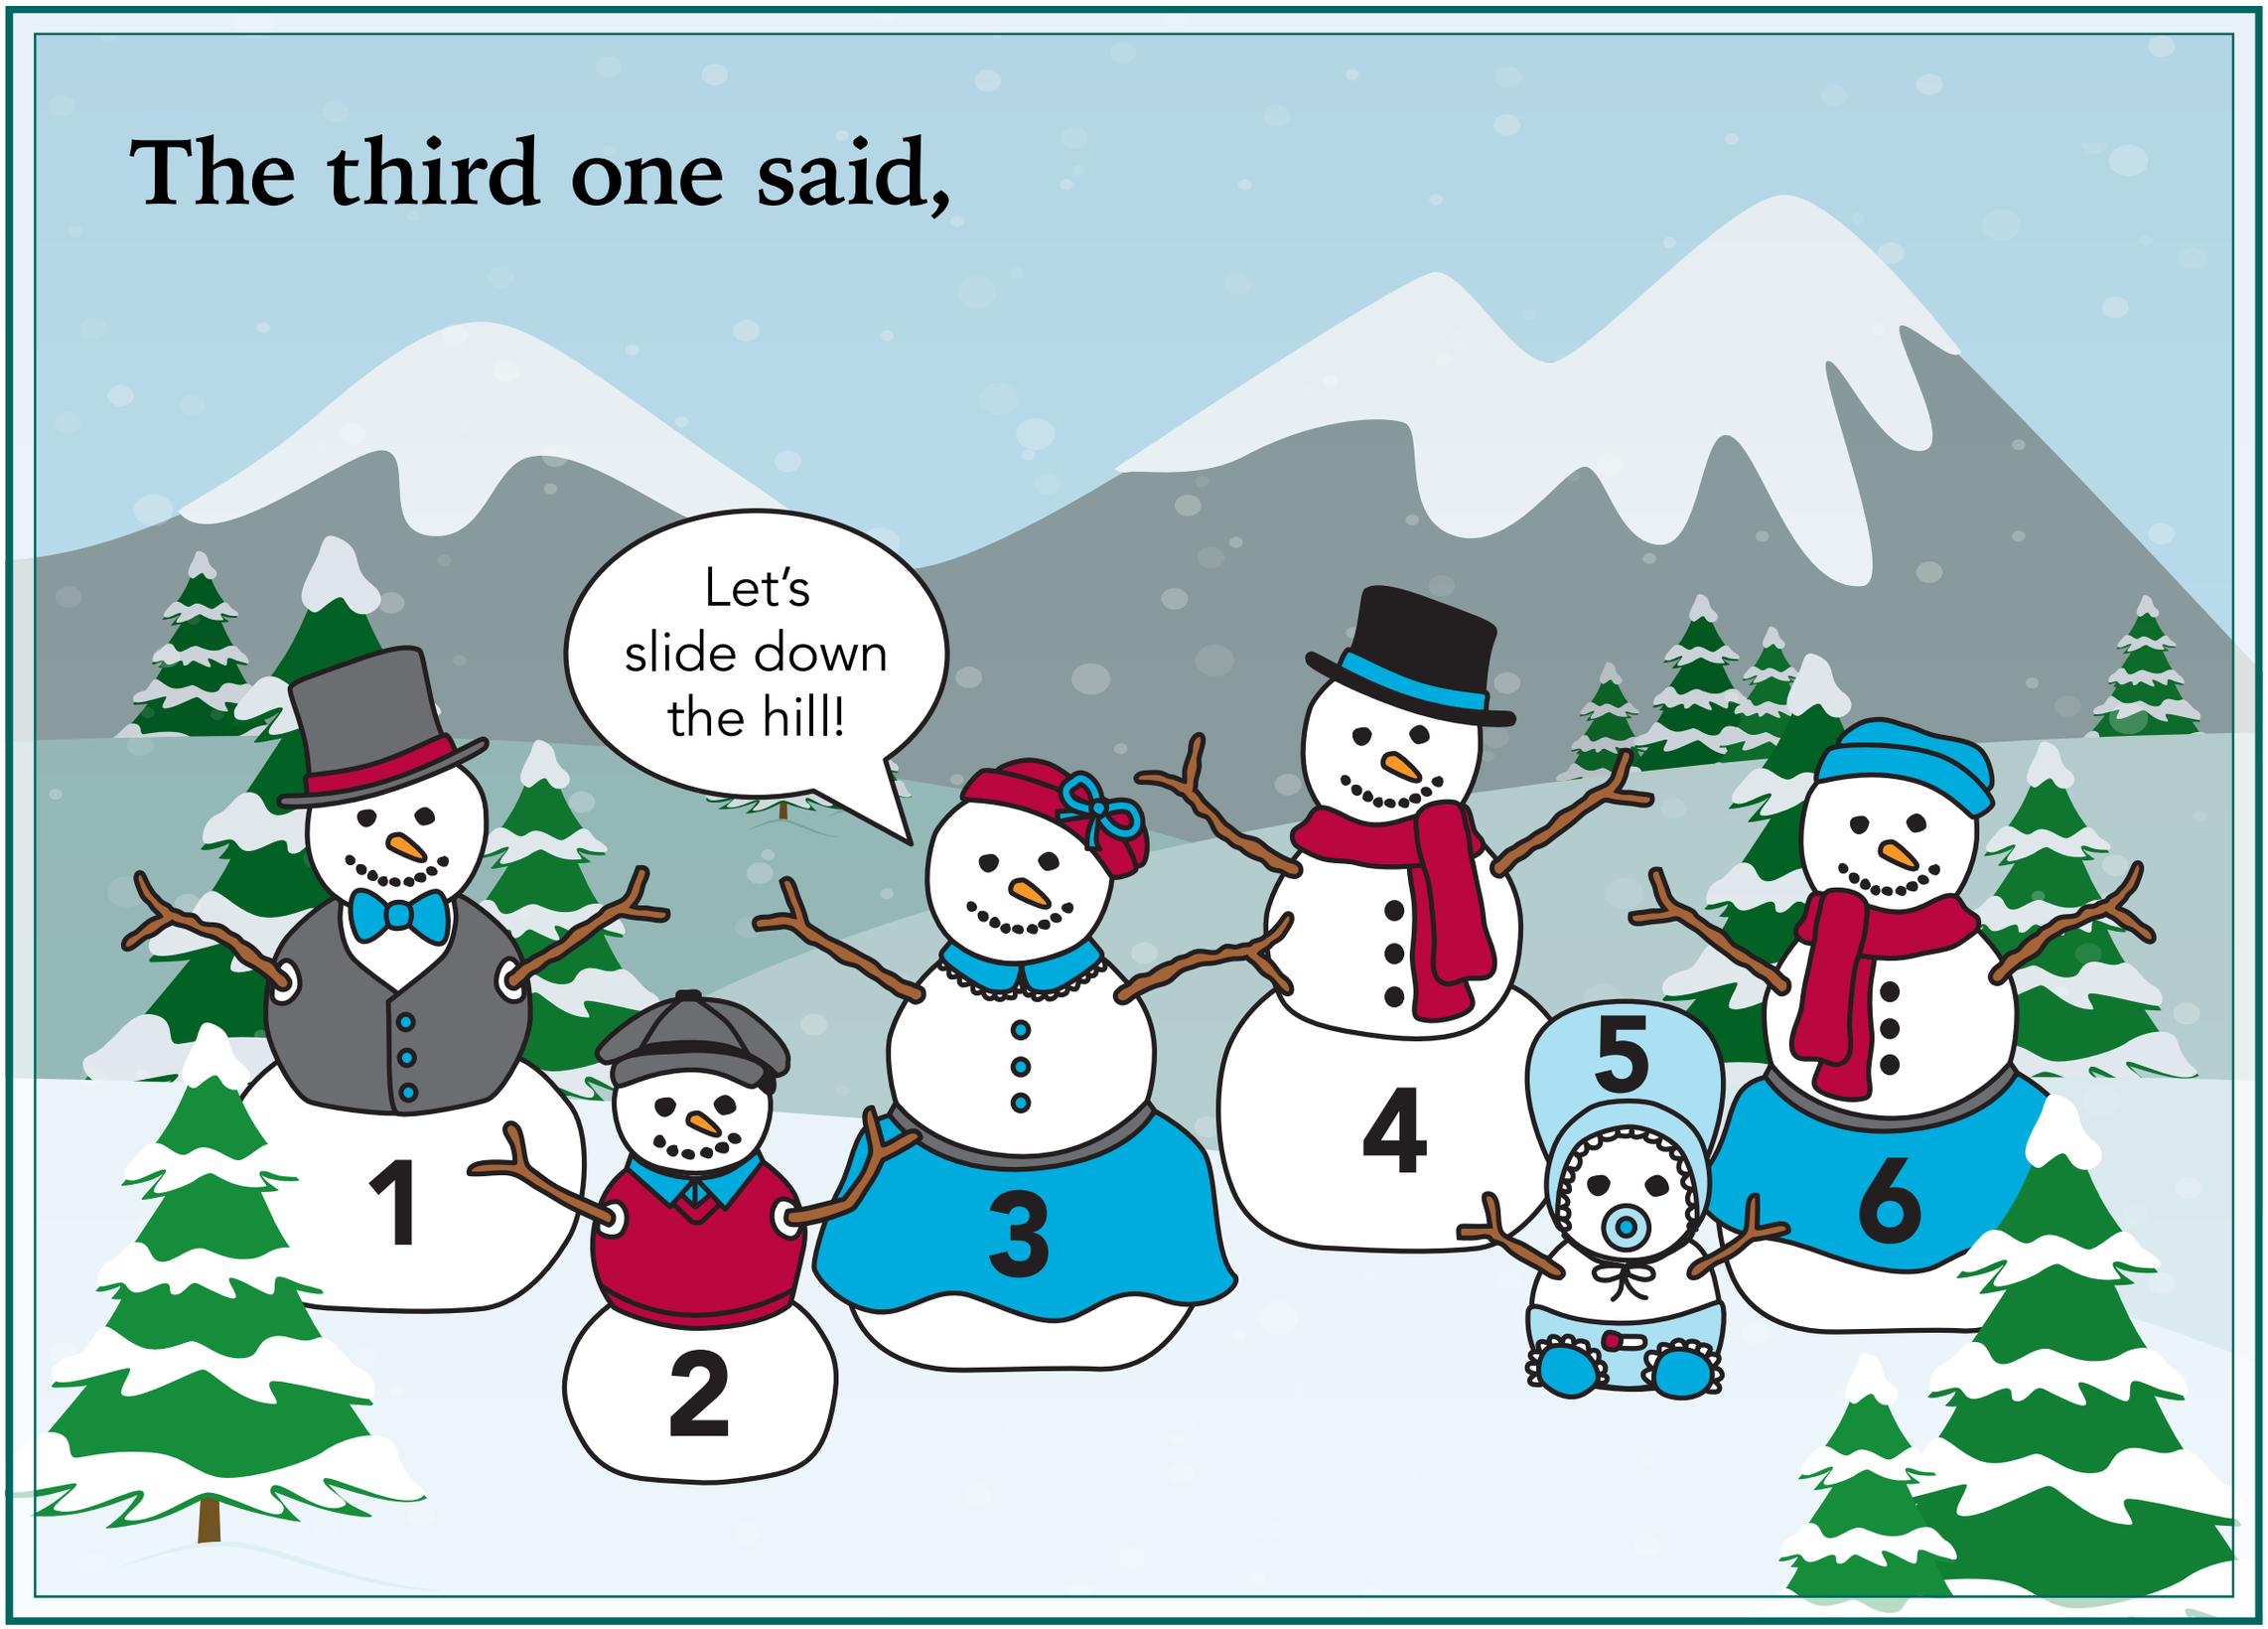
Story by Allyn Fisher · Art by Amber Cooper

Six little snow people came out to play
in the middle of the forest one winter day.

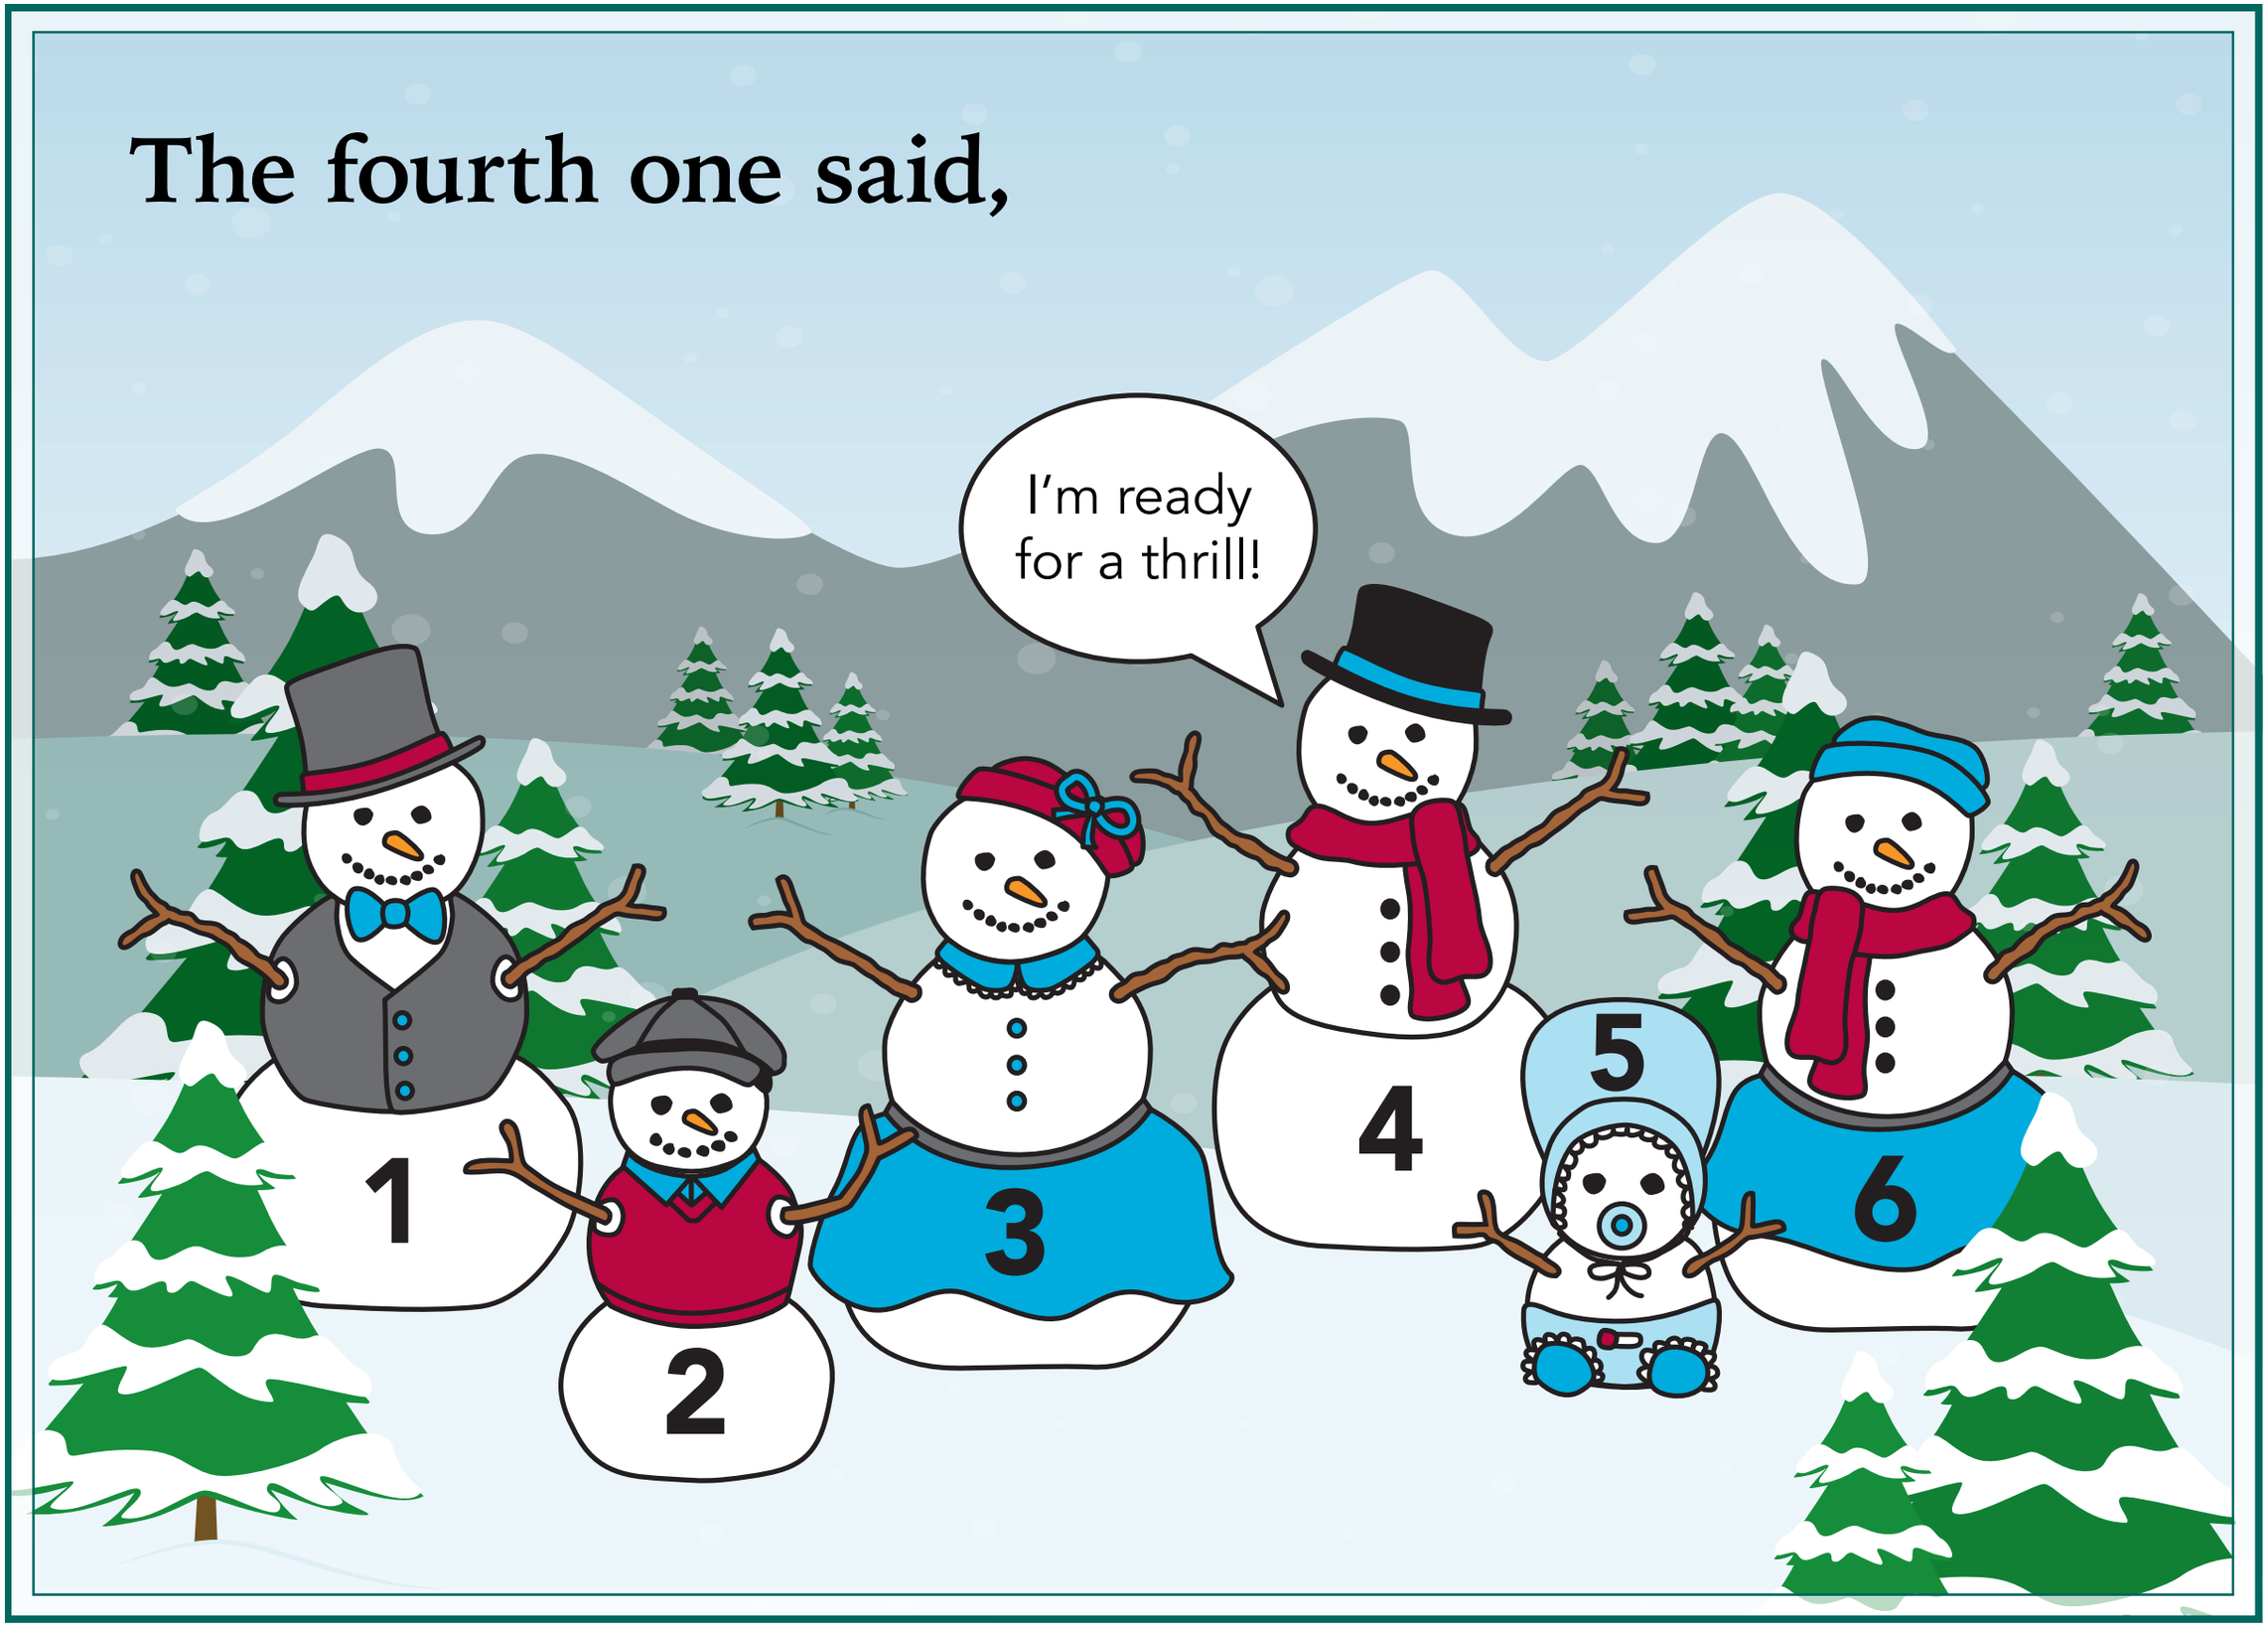
The first one said,

The second one said,

The third one said,

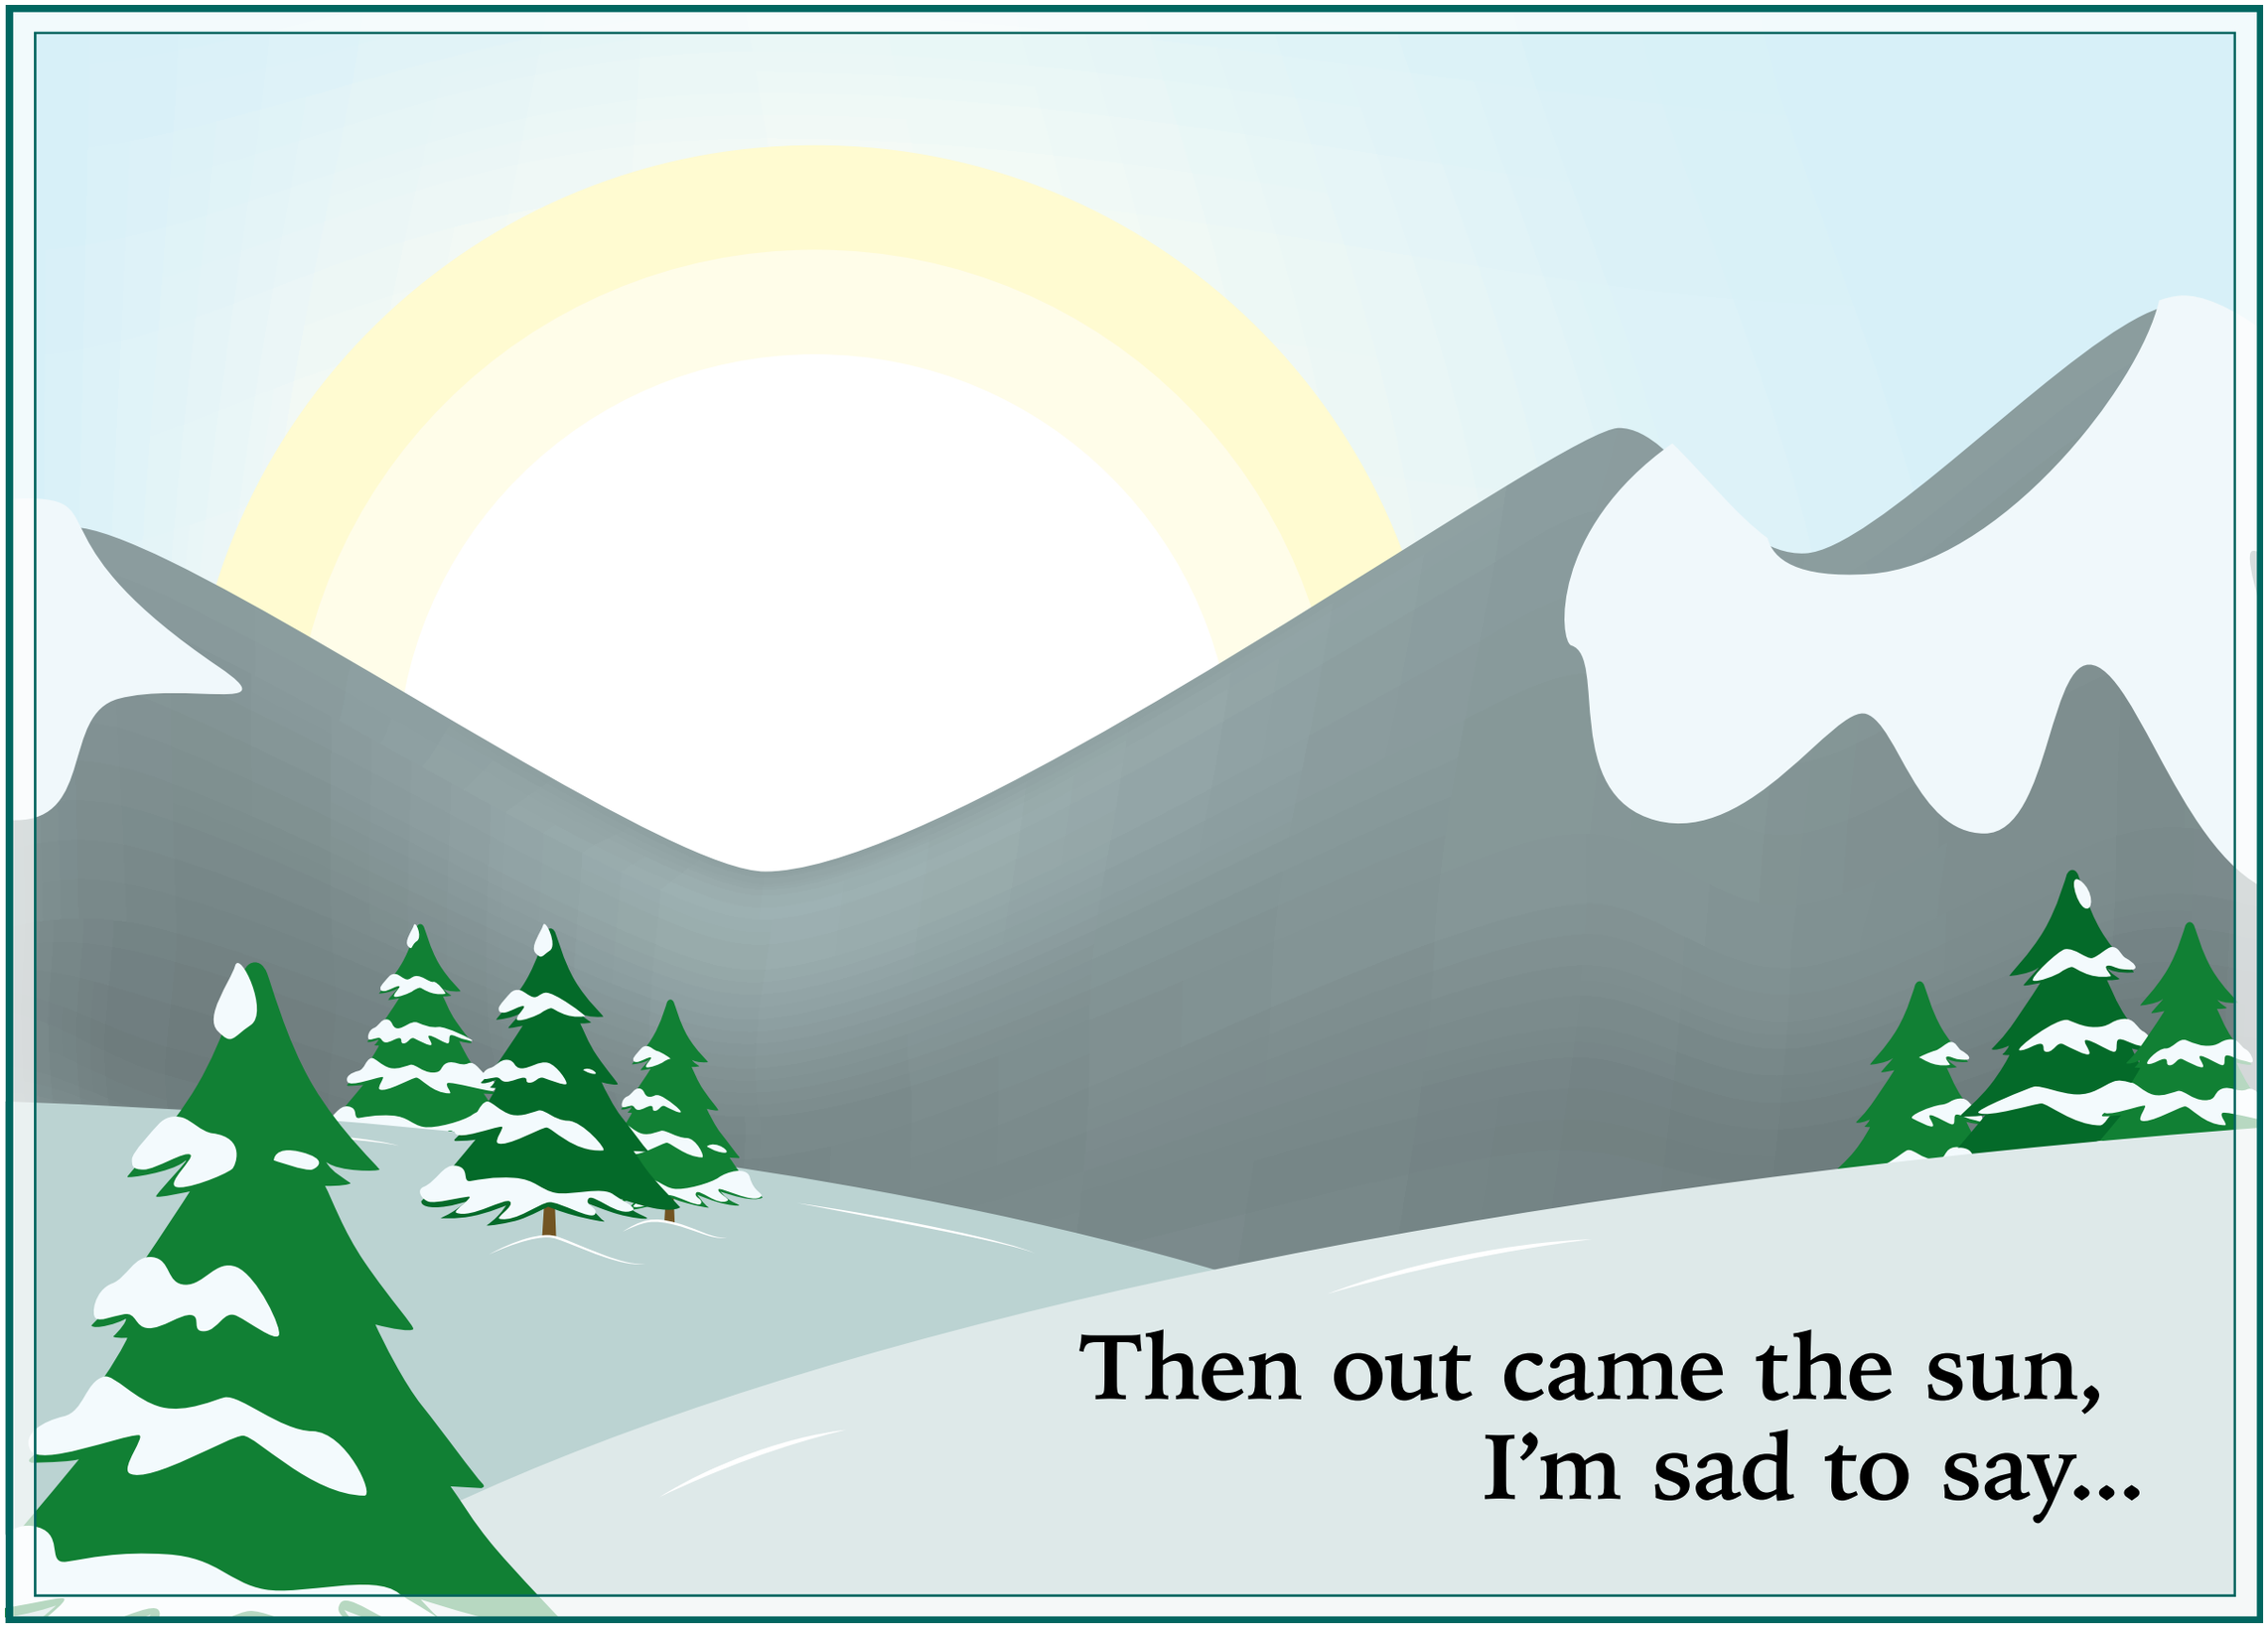


The fourth one said,



The fifth one said,

The sixth one said,



Then out came the sun,
I'm sad to say...

And the six little snow people melted away!
